HEAVY COMMERCIAL												

Low maintenance – Easy to clean with a water hose or pressure washer.

Stain resistant – Because of its extremely low moisture absorption, MSI Porcelain Pavers have a high resistance to stains.

Strong – Superior strength and impact resistance.

Slip Resistant – The surface texture is designed to have a high slip resistance, even when wet.

High wear rating – The glazed surface is fired at 1200º F, ensuring a hard surface that is resistant to wear.

UV Resistant – The glazed surface is baked on, ensuring the color will remain intact even after years of being in the sun.

Freeze Thaw Resistant – MSI Porcelain Pavers are virtually impervious to water and the properties don't change with temperature, thereby making the pavers freeze thaw resistant.

Technical Information

Material Type: Glazed Porcelain

Finish: Matte

Mortar Set Install: It is mandatory that the mortar coverage on the floor surface and paver be greater than 95% coverage to be fully supported. Voids due to insufficient coverage will result in cracking and tile displacement.

GREENGUARD
PRODUCT CERTIFIED FOR LOW CHEMICAL EMISSIONS

Disclaimer:

Variation in shade is an inherent attribute of porcelain pavers.

To ensure customer satisfaction: Make sure to look over all pavers before installing. Please select pavers from same lot: same size, and numerical shade. Intersperse pavers throughout your job from different boxes. Rotate the pavers so there won't be repetitive patterns.

*No claims accepted after installation.
