Dannis Mitchell  
Senior Director  
Barton Malow Company

To Whom It May Concern,

I am pleased to write this letter of recommendation on behalf of Las Vegas Stone & Flooring, a subcontractor that has successfully completed multiple projects for Barton Malow Company over the past three years.

I was introduced to the team in 2019. Las Vegas Stone & Flooring has performed with professionalism, reliability, and a clear commitment to client satisfaction on each project we've awarded, including The Exchange Detroit and the South Redford Schools Bond Program. These projects varied in scope and complexity, yet in each instance, Las Vegas Stone & Flooring demonstrated their ability to meet all expectations related to schedule, budget, and quality.

Their team is responsive, collaborative, and consistently delivers high-caliber workmanship. Their understanding of commercial construction environments, particularly in education and mixed-use sectors, makes them a valued partner.

Based on their performance and continued growth, I am confident in their ability to take on larger scopes of work and more complex opportunities while maintaining the high standards that have defined their work with us to date.

Please feel free to contact me directly should you require any additional information at:

Sincerely,

Senior Director  
Barton Malow Holdings
