To Whom It May Concern,

I am pleased to write this letter of recommendation on behalf of Las Vegas Stone & Flooring (LVS), a subcontractor that played an integral role in the successful completion of the IAGD Expansion Project located in Rochester Hills, Michigan. LVS was responsible for a flooring scope exceeding \$1.35 million, and their performance was exceptional throughout the project.

The project involved intricate and high-end finishes, including a stunning 27' x 27' porcelain water-jetted mural, as well as complex tile work in restrooms, public spaces, and more. LVS delivered outstanding results across a variety of materials—tile, marble, carpet, and vinyl—all while meeting the challenges of a rigorous schedule and the detailed demands of a religious and cultural landmark.

LVS's professionalism, craftsmanship, and clear understanding of the complexities of commercial construction speak volumes about their capabilities. We are confident in their expertise and highly recommend them for any future projects.
